

# Mears Group

## waste statistics

### 2014-2017

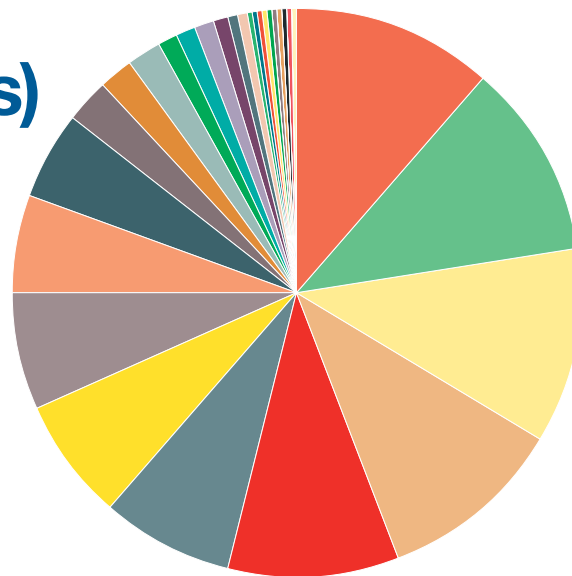

## Top 10 waste streams by volume (tonnes)

The following information details the cumulative weight (in tonnes) of each waste stream for all Mears Group sites between 2014 and 2017.

# Additional low volume waste streams (tonnes)

Plastic (misc)	1,341
WEEE	877
Tyres	848
Mattresses	840
Fridges	800
Paper / cardboard	741
Concrete	567
Confidential waste	534
Food waste	509
Asbestos	418
Hazardous	380
Mixture of concrete, brick, tiles, ceramics	197
Cess pit waste	148
Paints and varnish	139
Mixture of concrete, brick, tiles (hazardous)	91
Paint / varnish tins	86
Offensive waste (misc)	81
Fire extinguishers	67
Batteries	38
Oil	32
Ink cartridges / toners	28
Gas bottles	20
Mastic / mastic tubes	20
Bulky waste	20
Smoke detectors (individual)	16
Fluorescent tubes	14
Rubber	11
Soil	11
Fibreglass / insulation	10

Medical waste (sharps)	9
Animal waste	9
Polystyrene	7
Clay	7
Sanitary waste	7
Insulation powder	6
Oil-contaminated water	4
Textiles / clothes	3
Inert (contaminated)	2
Waste water (hazardous)	2
Aerosols	2
Paint / varnish tins (individual)	1
Adhesives / sealants	1

## Hazardous waste totals (tonnes)

Hazardous waste generation - **4,720**

Non-recycled waste generation - **837**

Waste recycled - **3,883**

## Diversion from landfill total

2014 - **93.89%**

2016 - **95.62%**

2015 - **94.95%**

2017 - **95.84%**
