

Fact Sheet

Shower Hoses / Heads Non Electrical

Tools

- Shower Head
- Hose

Steps

1. Purchase a new shower head and hose from any retailer (please note this is only recommended for a non-electrical shower)
2. Unscrew the hose and head off of the taps and put to the side
3. Take out the new shower hose and screw to the taps end
4. Screw the new shower head onto the hose and turn the water on to test
5. If the above steps are unsuccessful please call the repairs line on 0800 0740169

We hope this information was helpful. If you are still experiencing problems with your shower hoses/head then please contact your repairs service.
